The fund «visions sud est» was created in 2005 in Switzerland by the trigon-film Foundation, the Fribourg International Film Festival and Visions du Réel in Nyon, in conjunction with the Swiss Agency for Development and Cooperation. Since 2011 the Filmfestival of Locarno also participates in it. The Fund supports film production in Africa, Asia, Latin America and Eastern Europe and promotes completed films.

The fund «visions sud est» aims to fill a void in existing forms of help by supporting authentic and compelling projects – both full-length fictional works and creative documentaries – without imposing conditions, and by doing its best to ensure their distribution and visibility in the country itself. The fund also makes a point of keeping its overhead costs to a strict minimum, so that the provided resources go toward selected productions as much as possible.

«visions sud est» is driven by the following purpose: to encourage independent film production in which themes are freely chosen in accordance with what the filmmakers consider important in their culture and region.

The success of the «visions sud est» initiative is widely recognized. Filmmakers and producers value its involvement, which is free of any co-production requirements and not linked to any of the various European institutions. Also applauded is the fact that the selected films are guaranteed a certain level of visibility. Although sometimes fragile, the film projects prove, that filmmaking in the South and East is full of inspiration and creativity.

1355 applications have been received since the fund «visions sud est» was created. A total of 2 765 000 Swiss francs was granted to 76 projects. First completed films were selected by major film festivals around the world, including Abu Dhabi, Berlin, Buenos Aires, Busan, Cannes, Dubai, Goa, Guadalajara, Havana, Hongkong, Marrakesh, Quito, Rio, Rotterdam, San Sebastian, Santiago, Sao Paulo, Shanghai, Singapore, Sundance, Sydney, Taschkent, Taipei, Tokyo, Toronto and Venice. Our efforts have been fruitful and a lot of films have already been distributed to movie theatres in Switzerland and elsewhere and have been well received by the public.

SRI LANKA
Vimukthi Jayasundara

With this movie Jayasundara continues the allegorical exploration of Sri Lanka’s bloody civil war that he began with «The Forsaken Land». A man who apparently fell from the sky picks up a young woman and flees with her from a burning city into the countryside. From there, his travels through a mythic landscape full of astonishing sights and people become exceedingly menacing – and fraught with symbolic meaning. The tableau-like tale moves between realism and ritual in scenes of stunning beauty.

SEA POINT DAYS

François Verster

Alongside the southernmost urban centre in Africa, separating city from ocean, lies a strip of land. The Sea Point Promenade and the public swimming pools form a space unlike any other in Cape Town. Right here, slightly away from the hustle and bustle of the business area, life is most unapologetic in all its forms. Power-walkers speed past homeless people kissing above the rocks and rent boys waiting for the next pick-up. A film that explores memory, nostalgia, identity and the right not only to have space but also happiness.

In the city, thousands of displaced peasants gather around traffic lights to beg at intersections. One of them, Raul, who ends by collecting recyclable garbage, claims he has invented a device that extends the duration of red lights, allowing more time for acrobats, jugglers, beggars, and peddlers to collect money. In the midst of this delirium, the lives of Raul and his fellow travelers slide further towards the abyss, and their predicament becomes a symphony of despair, devoid of hope and touched by anarchy. NICARAGUA

Florence Jaugey

This is the story of Yuma, a strong-willed and rebellious girl from the poor neighborhoods of Managua who dreams of being a boxer. In her poor neighborhood, gangs fight for control of the street. In her home, lovelessness is the name of the game. She dreams of the ring, energy and agile feet and hands. They are her only options. A street, a theft, a chance encounter: Yuma meets Ernesto, a journalism student from the other side of the city. Despite their differences, they fall in love, attracted to each other by their shared desire to find their own space in the world.

Aims

• To encourage independent production and subsequent distribution in Switzerland and in Europe of full-length (with a duration of at least 70 min.) cinema fictional films and documentaries in postproduction (no short films, no TV films!) from the South and East. This support should furthermore play a «catalyst» role for the film industry in the country of origin of the production.

• All the projects for which financial support is requested must be proposed exclusively by a company based in a country from the South (Africa, Latin America and Asia) or from Eastern Europe (excluding EU members) and regularly producing films by filmmakers in these countries. Therefore, the main part of the project must be shot in these countries and – except in special circumstances – in the local or regional language.
Operating framework

• Selected fictional or documentary film projects are submitted to a jury of experts. Projects must be selected unanimously; if necessary, the jury can ask for an independent opinion.

• There are two types of financial support:

  – Support of the production of fictional films on the basis of documents attesting to the feasibility of the project (at the minimum 40% of the financing have to be already acquired before submitting a request).

  – Support of the finishing (post-production) of fictional and documentary films on the basis of a first cut and a finishing concept.

• A fictional film project will be supported with a maximum of 50,000 Swiss francs for production or a maximum of 20,000 Swiss francs for post-production. A documentary will be supported with a maximum of 15,000 Swiss francs for post-production. This support entails the global distribution rights for Switzerland. The amount granted by the visions sud est fund for one single project may not exceed 10% of the fund’s means.

• visions sud est is a partner of the Open Doors Factory programme of Locarno International Film Festival. Applicants may submit their projects to visions sud est as well as to Open Doors. Support by one of these organisations, however, excludes support from the other one.

• a project application cannot be considered a second time in the same application category if it has been unsuccessful in a previous application round. Furthermore, a project can only obtain a support by visions sud est once. This means that if it has already been granted production support by visions sud est, an application for post-production support for the same project will not be considered.

• Decisions by the jury are irrevocable and announced without delay to the applicant, who cannot ask for any justification.
General requirements for the granting of production support

• Each request for financial support must be submitted by the production company according to article 1 above. This request must be signed by the director of the film to attest to his or her approval of the request.

• It is compulsory that each applicant provides the following documentation (translated into French or English) to allow a correct assessment of the quality of the submitted project:

  – Appropriate documents attesting to the producer’s legal status and to the reliability of the production company (corporate statutes, filmography, etc.)

  – Appropriate documents allowing the assessment of the quality of the project (final version of the screenplay, synopsis, director’s declaration of intent, director’s biography and filmography, etc.)

  – Appropriate documents allowing the assessment of the feasibility of the project (shooting plan, financial plan, detailed budget, possible agreements of co-production, etc.) including copies of documents regarding confirmed or requested support (at the minimum 40% of the financing have to be already acquired);

  – All information regarding possible agreements of international sales, distribution or television rights already assured.

• As a general rule, all documents of artistic or financial nature which could provide information about the project, its financing and its production.

• Shooting must start within 18 months following the signature of the contract. Otherwise, the amount granted will be allocated to another project without previous notice. In such a case, the production company is allowed to submit a new application.
• On all material of promotion and among the opening and closing credits of the film the following must appear:

  – The logo of the fund, followed by the text with the support of the SDC (Swiss Agency for Development and Cooperation.)

  – as well as references to (and logos of) public or private institutions which have contributed to the co-financing of the work. They must be mentioned as financial partners of the project.

• Additional conditions for financial participation may be determined on the basis of requests by possible co-producers whom visions sud est might win for further support of the project.

• A support agreement is signed between the two parties (the fund and the producer) stating the rights and duties of each of the contracting parties.

• A first payment will be paid at the beginning of the shooting (60% of the grant), a second payment is paid when the shooting is finished (40% of the grant), subject to the proof that the film is completed and the terms of the contract have been honoured.

• A second part of the agreement will state the rights for distribution on Swiss territory and give guarantees regarding the visibility of the film in all of Switzerland.
Contributing to the production of a fictional film project

In granting financial support to the production of a fictional film, visions sud est intends to support small productions or improve production conditions for projects which require larger budgets. The contribution of visions sud est should form a considerable part of the total budget of the production.

Contributing to the finishing (post-production) of a doc or fic film project

• In granting financial support for the completion of a documentary or fictional film, visions sud est intends to enable the best possible conditions for the post-production.

• All requests for support to the completion of a project already in progress must include all audiovisual elements useful for an evaluation of the project. Each request must therefore include all elements outlined in article 3 (except the screenplay) as well as the following (translated into French or English):
  – A DVD with a first cut, corresponding to at least 2/3 of the film, with subtitles in French or English, or a list of the subtitles in French or English for the submitted first cut.
  – The post-production plan and the post-production budget, with detailed information regarding the cost of the work not yet financed, along with an explanation of such a budget deficit.

• The contribution is limited to a maximum of 20,000 Swiss francs for fictional films and 15,000 Swiss francs for documentary films, and may not exceed the proposed budget.

• A first payment is paid upon signature of the agreement (50% of the grant). The remaining 50% are paid when it is proved that the film is completed and the terms of the contract have been honoured.
